DISCLOSURES: The American Urological Association (AUA) is committed to maintaining transparency in its relationships. The AUA requires that prior to participating in AUA programs, all individuals without exception make full and effective disclosure of their relationships related in any way to health care or to their AUA activities, business transactions, presentations or publications. All relevant relationships for the last 24 months should be disclosed. Records must be updated after April 1 to be considered current for the Association Year. Further information regarding the disclosures of any of the editors or editorial committee members can be obtained by emailing the Publications Department (publications@auanet.org).
